

“True peace is not merely the absence of tension, it is the presence of justice.”

— MLK

GREENS and the MLK Legacy.

The **Miami-Dade Green Party** salutes **Martin Luther King**, and shares his commitment to Social and Economic Justice.

We the People can achieve these Dreams and more:

- Strengthen our communities by paying a Living Wage.
- Institute Universal Health Care.
- Provide Tuition-Free College Education.
- Fix our Broken Election System.
- Restore Felon's Voting rights.
- End the Death Penalty.
- Make sure our Votes Really Count.

For these and other goals, we'll need new choices, new directions.

The Green Party says let us all work together to turn Dr. King's visions and goals for humanity into reality.

Is it possible to vote for 3rd party candidates without “Splitting the Vote” & electing whom you least want? Yes! With INSTANT RUNOFFVOTING*, **no** vote is “lost”, and IRV guarantees a majority-backed winner always. It's coming! Check it out at fairvote.org.

* Simply rank your choices, 1 2 3. If your 1st choice doesn't win, your vote goes to your 2nd choice and so on, until one candidate has a clear majority.

WWMD? - OR, What Would Martin Do?

“Power. Big power. Mad power. Do you want it?” Real power, that is. Not the kind of power that is locked up in 20 inch rims or frozen into the ice that's hanging around your neck. I'm talking about Real Power. The kind of power that drips from the speeches of Martin Luther King or that bum rushes you from the words of Malcolm X. The kind that comes screaming across history at you from the thunder of thousands of people marching.

Your power - Real Power.

Black Power in 1964 - **Green Power** in 2004 and into the future.

But here's the secret - it's yours. It begins with you and you already have it. Power is about choice. Real choice. You don't have to choose between the Republican Party that professes "family values" but doesn't provide a single value to our families, or the Democratic Party who, when not taking Republican positions, are busy taking us for granted.

So, on MLK Day, you have to ask yourself if Martin was alive, what would he be doing? I think he would be keeping it FRESH, keeping it REAL, and keeping it GREEN. Building it, from the ground up.

WWMD?"
